apav.com

Air handlers, fan coils, water-source heat pumps Air handling units, air-cooled and evaporative-cooled rooftops, cold climate air-source and water-source heat pumps, split systems, digital controls

Variable frequency drives
Active front end drives
Harmonic solutions
Motors

Mission critical cooling equipment
Vertical, wall and ceiling mounted
Floor consoles
Dry coolers
Pump packages

Semi-Custom AHU
Fan Array/AHU Retrofits
Knock-Down Construction

Custom all aluminum site AHUs
Factory built air handling units

Engineered air mixing
For outdoor and return air for AHU

Energy Recovery
Superblock Technology
Knock-Down Construction

Water-Cooled Modular Chillers
Air-Cooled Modular Chillers

Custom air handling solutions
Build-on-site replacement units

Vertical Stack Hi-Rise Heat Pumps
Hi-Efficiency Horizontal Heat Pumps
Hi-Efficiency Floor Mounted Heat Pumps
Console Heat Pumps
Modular Water-To-Water Chillers

Humidification and evaporative cooling solutions

Active chilled beams, induction diffusers, induction unit retrofits

Self-regulating heat trace cable
For freeze protection & process temp maintenance
Pre-insulated and heat-traced tubing bundles

Total environmental desiccant dehumidification solutions

High efficiency electronic air cleaners

Air Cooled & Water Cooled Chillers
Semi-Custom Air Handling Units
CRACs
Heat Pumps

VAV terminal units
Fan coils
Air handling units

Energy-Efficient Ductless Heat Pumps

CO2 Electric Heat Pumps
Wide Ambient operating range
Produces from 38F to 180F water

Packaged Rooftop Units
Commercial Split Systems
Replacement units for major brands
Residential systems
Controls

PTACs, VTACs, and VRP heat pumps
Window, through-wall, & portable ACs
Ductless mini-splits & universal heat pumps
Ducted residential equipment

Hydronic and electric fan coils (horizontal/Vertical/Vertical stack, blower coil)
ReStoraMOD retrofit unit and EnviroKIT component-replacement kits

Variable refrigerant flow (VRF) systems
Energy recovery ventilators
Dedicated outdoor air & indoor units
Controls
Air-to-water heat pumps, chillers

Electric duct, unit, cabinet unit heaters
Fan-forced wall heaters
Electric Baseboards
Ceiling panels
Hazardous-location & washdown heaters
Industrial/commercial fans

SmartStack™
Active airflow measurement and control
For laboratory exhaust systems

ArctiDry—liquid desiccant air conditioning
RTU for high ventilation and low dewpoint

Hi-wall ductless units
1-way/4-way ceiling cassettes
Ceiling concealed units & chilled-water
air handlers (2- and 4-pipe)
Air-cooled hydronic & heat pump chillers

The largest family of custom air
handling units in North America:
Ventrol, Temtrol, Mammoth, Venmar,
Huntair

Precision airflow control for fume hoods
Lab & critical healthcare environments

Dehumidification, heating, cooling, &
ventilation systems for indoor pools

Airflow and pressure measurement and
control for ducts, fans, outdoor air intakes

Dedicated outdoor air units, makeup air
units, exhaust fans

Advanced exhaust for Lab fume hoods
Energy recovery systems

Commercial and industrial Fans
Standard and semi-custom available

Fans for commercial and industrial
applications, standard and
semi-custom available

Electric duct heaters
Open-coil heaters for OEM applications
Duct heater accessories (contactors,
transformers, controllers, fusing)

Ultraviolet (UV) products
For all HVAC applications

Engineered noise mitigation products
For ducts, panels, enclosures, mechanical
vibration solutions

Environmental Wall System
Complete packaged, decentralized
heating, cooling, and ventilation
